

SPECIALIST IN HUMANITARIAN LOGISTICS

From 4 May to 21 Jun 2023

ONLINE

In order to facilitate access for people in any location, the programme will be conducted online, with 2 self-study modules supported by tutorials and a module of synchronous sessions.

TARGET

Professionals from any logistics field or technical profiles who wish to specialise. We value technical training and command of English / French.

WHAT DO WE OFFER?

High-quality training that enables professionalisation in the world of cooperative logistics.

CONTENT AND FORMATS

1. Introduction to Humanitarian Action (29 hours - asynchronous online format, includes 2 synchronous tutorials).
2. Supply Chain in Humanitarian Contexts (22 hours - asynchronous online format, includes 1 synchronous tutorial).
3. Technical logistics training in humanitarian contexts (24 hours - synchronous online format).

QUALIFICATION OBTAINED

Specialist technician in humanitarian logistics. Organised by Acción contra el Hambre and endorsed by AECID
