Action Against Hunger is a global humanitarian organization that takes decisive action against causes and effects of hunger.

Our aim is to reinforce the capacities of local and national food, protection and WASH systems, so access to an adequate, affordable and sustainable diet is guaranteed.

We are always innovating, always seeking the next breakthrough. Radical, ingenious ideas are waiting to be discovered. There is always a better way.

In order to advance our vision and mission we are actively involved in pursuing Technical Assistance opportunities and other consulting opportunities for major international donors like NETWORKS AND ASSOCIATIONS Action Against Hunger is an active member of relevant international professional associations like VOICE (an NGO network promoting effective humanitarian aid worldwide), the Cash Learning Partnership (CaLP), the Grand Bargain cash workstream group, ICVA, IASC, Global clusters and IPC, among other.

ACTION AGAINST HUNGER
PRODUCTS AND SERVICES.
We can also support the development of national coverage assessment guidelines and conduct technical training on coverage assessment methods for in-country partners.

**METHODS**

**TREATMENT COVERAGE**

to plan and carry out coverage assessments and monitoring activities to improve the service uptake and performance of Community-based Management of Acute Malnutrition (CMAM) programmes.

**COATING**

cost-efficiency and cost-effectiveness analysis (CEA) for nutrition interventions

**COST OF THE DIET**

is an assessment tool that uses software to estimate the amount and combination of local foods needed to provide a typical family with a diet that meets their averaged needs for energy and micronutrients.

**LINK NUTRITIONAL CAUSAL ANALYSIS (NCA)**

Nutrition Causal Analyses show what might have caused a nutrition problem. The Link NCA methodology was developed by Action Against Hunger under the supervision of a scientific committee of Action Against Hunger multisectoral experts as well as leading researchers from Tufts University in Medford-Somerville, the Institute. Research for Development and the World Food Program.

**FUNCTIONS**

Trainings and technical field support in conducting STANDARDISED MONITORING AND ASSESSMENT OF RELIEF & TRANSITIONS (SMART) SURVEYS. SMART nutrition surveys allow practitioners to quantify the scale of a problem.

**SIRO**

This advanced incident managing system allows monitoring and direct management of all your security incidents. It can be customised to adapt to your needs. Different levels of access for different users can be granted in order to register, validate, manage and monitor all type of incidents, both affecting the organisation and the context. The tool also incorporates features to create raising alerts and activating incident and crisis management groups. Incidents are managed through the display of track records in dashboards and control panels.

**NEGOTIATER READINESS AND RESPONSE UNIT SERVICES**

The Action Against Hunger emergency readiness and response capacities can over a range of SERVICES including:

**TAILORED ANALYTICAL PRODUCTS**

e.g. scenario building, design of emergency response operations, workshops and post emergency field assessments.

**EXPLORATORY MISSIONS**

to assess the situation of specific population groups, assess the impact of rapid onset emergencies in a specific area and population, thematic and technical assessments, design of emergency response operations disaggregated by population, geographical area or population group, among other.

**SUPPORT DEVELOPMENT OF EMERGENCY**

and preparedness plans at a country level with Action Against Hunger offices and partners.

**MONITOR THE HUMANITARIAN IMPACT**

of different crises worldwide, categorising those emergencies and ranking them objectively, so that decision makers can have a better understanding to come out with decisions.

**TRAINING SESSIONS**

on emergency response and preparedness, including training packages aimed to strength capacities of local partners, teams and institutions.

**DESIGN OF EMERGENCY RESPONSE OPERATIONS**

tailored to the context specific requests and based on needs and rights approach.

**LEAD ON EMERGENCY RESPONSE OPERATIONS**

where Action Against Hunger is entering into a new country of operation.

**INTERNAL COMMUNICATIONS IN EMERGENCIES**

to a broad spectrum of stakeholders.

**KACHE**

An Action Against Hunger Solution for cash transfers in emergencies.

“e-transfer mobile and autonomous kit”. Based on the current market offer, KACHE ensures autonomy, mobility, adaptability, multi-platform use, data protection, user-friendliness and the capacity to track. Moreover, it consolidates and analyses activity information for real-time monitoring.

**TRAINING**

We collaborate with different entities in order to offer some training opportunities like:

Personal security | Humanitarian logistics | Cashed-based interventions | NGO management | WASH

**ACCESS TO RESOURCES**
